## **AGREEMENT FOR INSTALLATION OF UNDERGROUND CABLE AND FACILITIES**

\_\_\_\_\_ hereby requests North Central Power Co., Inc. to Install underground cable to their electric service entrance located on the following described property:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
and agrees to the following conditions:

1. The feasibility of the Installation shall be determined by the Company at a location mutually agreed upon as provided under the Company extension rules and the property owners will furnish an easement for right-of-way if required by the Company.
2. Any advance payment required under the Company extension rules will be made.
3. The Company shall be notified in advance of any changes in grade after the underground electric facilities have been installed and the Company shall be reimbursed for any and all costs incurred to relocate cable and associated facilities as a result of such change.
4. The Company shall not be liable for damage to trees, shrubs, lawns, fences, sidewalks or other obstructions incident to the installation, maintenance, or replacement of underground facilities, unless caused by its own negligence.
5. The customer shall list below any underground telephone, cable T.V., electric lines, sewer or water pipes, or other facilities; and agrees that the Company will not be responsible for damage to any facilities not listed: \_\_\_\_\_
